Dr. Mary Katherine Zanin  
The Citadel, Department of Biology  
171 Moultrie Street  
Charleston, SC 29409-0001

Dear Dr. Zanin,

Thank you so very much for your generous contribution to Hollings Cancer Center in support of patient support services with the Cadets for a Cure event. Your investment allows us to continue to lead the effort in unlocking the secrets of this disease and is making a difference in the lives of the thousands of patients we treat every month.

Because of support from you, and other passionate advocates like you, tremendous progress has been achieved in the 20 years since the Hollings Cancer Center opened its doors. We are proud of our advances in cutting-edge research, innovative cancer treatments, and important scientific breakthroughs that are leading us closer to lifesaving discoveries. Our most notable achievement is obtaining National Cancer Institute-designation. As you know, we are the only cancer center in the state with this prestigious designation, and one of only 68 in the nation, recognized for world-class, state-of-the-art cancer research.

As we look forward to the next 20 years, and we continue to fulfill our mission of alleviating the burden of cancer on South Carolinians, please know that you have played a significant role in providing hope and making a lasting impact for our patients and their families.

Most sincerely,

Debbie Bordeau  
Director of Development  
Hollings Cancer Center
