Please respond to the following questions/statements in order for the Internship Coordinator to collect and measure self-reported growth and development from Experiential Learning. If you have questions, let me know. Thanks for your participation, Susan W. Pope, Internship Coordinator, Career Services
sponge@citadel.edu or 843-953-1618.

On a scale of 1-5 (1 being not at all and 5 being absolutely) please rate yourself as you see yourself currently:

1.) I felt prepared and informed for my Internship this semester (I had the necessary skills and info. to provide in my role as an entry level Intern) and understood that this opportunity was consistent with and supportive of my interests, abilities and career goals through exploration:

   1  2  3  4  5

2.) I knew what was expected for my Internship position (day/time/work schedule, duties, who my preceptor will be, etc.) and applied time management and transition from campus/collegiate life to the outside world/community:

   1  2  3  4  5

3.) I was aware of the work environment that I worked in for my Internship and was comfortable with that particular type of climate:

   1  2  3  4  5

4.) I was willing and able to work with a diverse group of people; accepting of a variety of cultures, backgrounds, and skill sets; and demonstrated insight into my own biases, worldviews, attitudes including curiosity and openness and skills such as perspective taking and empathy, etc.:

   1  2  3  4  5

5.) I felt confident in using communication skills- both written and verbally:

   1  2  3  4  5

6.) I was able to use and apply leadership skills that I have acquired during my Internship as it relates to assignments/projects:

   1  2  3  4  5

7.) I was able to use my problem solving/critical thinking skills during my Internship:

   1  2  3  4  5

8.) I understood that an Internship might lead to an employment offer:

   1  2  3  4  5

9.) I was able to use my reasoning skills to successfully make and interpret data and communicate results/findings during my Internship:

   1  2  3  4  5

10.) I was able to demonstrate skill in inquiry and analysis, synthesize info. from sources, drew conclusions and recognized implications and limitations.

   1  2  3  4  5

Additional:

1.) Share three goals (using the SMART technique- specific, measureable, attainable, realistic and timely) that you successfully completed/satisfied for yourself- personal and professional growth:

   *
   *

2.) Feel free to add other areas of concern and/or confidence that will help us to measure your self-identified growth that occurred during the experience.
