SECTION 4:
Room Arrangement

Version: 22 September 2020
Author: SgtMaj Moffitt
Position: TAC NCO

I. Organization. The Command Sergeant Major, in conjunction with the Battalion TACS, is the proponent for policies on room arrangement and for this section of the White Book.

II. Functions. This section provides procedures for arrangement of the:

   A. Sink
   B. Medicine Cabinet
   C. Desk
   D. Bed
   E. Half Press
   F. Full Press
   G. Room (General)
   H. Placement of Name Stickers
   I. Company Supply Closets

III. Procedures. The following room standards are applicable to each cadet’s room. Cadets will arrange, display, and/or store all initial issue items in accordance with the below.

   A. Other than a few specified items, listed below, there is NO difference between an MRI and SMI. Unless directed otherwise, rooms will be presented for an inspection as described below.

      For an MRI
      1. Egg crate mattress foam must be rolled and placed neatly at the foot of the bed.
      2. Lock box is closed and locked, all drawers pushed in and flush, items inside of drawers are not required to be inspection ready but should be displayed in a neat and orderly manner.
      3. Blinds do not have to be pulled all the way up.
      4. Trash can/recycle can will be empty of trash daily.
For an SMI
1. Water filter not authorized. Must be removed.
2. Sink and faucet must be dry and clean.
3. Egg crate mattress foam must be removed from the room.
4. If cadet is present for the SMI. Lock box is open, lock is locked, zeroed and placed at the bottom right corner of the half press, flush with the edge. Drawers will be staggered from top to bottom in a descending order.
5. If cadet is not present for the SMI. Lock box is closed and locked, all drawers are pushed in and flush. All items inside drawers are subject to inspection and must be displayed IAW Section F of this chapter.
6. Trash can/recycle can must be scrubbed clean of food, dirt, debris, etc. and lined with white paper.
7. Approved flags must be taken down.
8. Dehumidifier will be running, filter of dehumidifier will be clean, and water receptacle will be empty.

B. **SINK**
1. Items under sink should be stored neatly in **DESCENDING** height order from **LEFT to RIGHT**. See Figure 5.4.1.
