Federal Financial Aid Payment Authorization

Federal regulations require that schools obtain authorization from a student to use awarded federal financial aid funds to pay for charges other than tuition, room, and board. Federal financial aid funds are:

Direct Subsidized Student Loan
Direct Unsubsidized Student Loan
Parent PLUS Loan
Graduate Student PLUS Loan

Pell Grant
Perkins Loan
Supplemental Educational Opportunity Grant (SEOG)
Work Study Program

If you choose to use your federal financial aid funds to pay for all charges appearing on your account, including non-institutional charges such as parking tickets and library fines, and if you wish to use these funds to pay up to \$200 of prior year charges that may appear on your account, you will need to select the first option in the authorization section below.

After your bill is paid, the Treasurer's Office will refund the balance of federal financial aid funds in a paper check mailed to your permanent address or by electronic funds transfer via Direct Deposit.

This authorization form will remain valid during your school years at The Citadel, but is void if you if you submit a change-request in writing or if you complete, sign, and submit a new Federal Financial Aid Payment Authorization Form to our office. Cancellations or modifications are not retroactive.

Return your completed authorization form to the Office of Financial Aid & Scholarships.
