Handicap Services FAQs

Is there reserved handicap parking?

Handicap spaces are available around campus on a first-come, first served basis for those vehicles displaying the appropriate credentials required by the State of South Carolina. In addition to the normal spaces around campus, Public Safety adds additional parking on the Saturday of Parents’ Weekend around the Parade Field as shown on this [Parking Map](#).

What if I don’t have the credentials to park in a handicap space, but have someone who is handicapped?

Public Safety manages the traffic flow on campus. In the normal traffic flow, you will be able to drive up to areas close to the events where you unload your passengers then park your vehicle in a designated parking area.

If you have additional questions on handicap parking on Campus, please contact our Public Safety Office at 843-953-5114.

Do you have wheelchairs we can rent or borrow?

We do not have wheelchairs to rent or borrow. You can Google “Wheelchair Rentals in Charleston. SC” for a list of companies in town.

Are handicap services available at the football game?

The short answer is yes and available on a first-come first-served basis. You can contact the Brigadier Foundation for more information at their website:
